Internship Program 2010

Ghostly International is an internationally acclaimed record label with offices right here in Ann Arbor, Michigan. Ghostly offers a wide array of audio selections ranging from independent rock to left-field pop, and from ambient electronic to dance floor techno. However, more than just a record label, Ghostly is comprised of a small group of entrepreneurs looking to advance their company beyond what it has already achieved.

Ghostly International is looking for interns willing to help grow the company. Interests should include marketing, advertising, music, fashion, design, the arts, culture, and more. Interns will learn the ins and outs of the music industry in terms of what makes a company like Ghostly really work. Because of that, applicants should be interested in what it takes to run a successful music company rather than the perceived glamour of the industry. Duties will include, but are not limited to, assisting in promotional activities, data entry and simple analysis, inventory management, and other miscellaneous office duties.

The internship lasts 90 days and may or may not lead into a part-time or full-time job in the future following the first three months of interning. Applicants should be highly computer literate (experience with MS Office, Excel, or Mac Equivalent, Photoshop, Illustrator, FTP, etc. is encouraged.) with the ability to communicate ideas effectively and coherently, and be self-staters in their own right.

Applicants should send cover letters and résumés to intern.samantha@ghostly.com. We hope you will take advantage of this excellent opportunity to expand your education by applying to our internship program.

Sincerely,
The Ghostly Team
